## 3D Timelines

Present full screen interactive timelines with a 3D perspective. Use the arrow keys or your Apple Remote to fly over your timeline or integrate them with your Keynote presentations.

Bee Docs Timeline 3D allows you to present the details in your timelines as well as the surrounding historical events as context.

### Create a Timeline in 1—2—3

Your audience will think you spent days crafting your timeline, but it does not get any easier than this... Choose a “look” and enter your events. Got images to add? Drag them onto your events. That is it!

Be sure to check out the Movie section of our website to watch tutorials and demonstrations that will teach you to create a timeline in minutes.
